Dear members of the Arizona Corporation Commission,

I am asking that you deny APS the ability to raise its rates and also deny APS the ability to increase the basic service charge.

My fellow small business owners and I should not have to be subject to the unfair increases. We are not large chain stores that can profit share. Every cent extra that APS takes is a cent we don't earn.

Increasing our basic service charge also reduces our ability to invest in more energy efficiency measures in our businesses because we are going to be paying the increase in the monthly basic service charge.

Please side with the small businesses and don't let APS increase our costs.

Thank you for your support,
